EXAMINER'S AMENDMENT

Claims 1 and 7-13 are allowed.

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bennett Berson on September 9, 2008.

The application has been amended as follows:

Cancel claims 2-6 and 14-18

2. The following is an examiner's statement of reasons for allowance: Prior art fails to teach or fairly suggest a method for loading samples on a microarray to perform hybridization reactions. The microarray being formed of a plurality of sub-arrays on a common substrate. The method comprises placing the samples to be loaded onto a sample loading array spaced apart from the microarray until the hybridization reactions are performed. The samples are located on the sample loading array in physical alignment with the location of the sub-arrays on the microarray. The sample loading array is a planar member having two planar surfaces. The samples are loaded into the micro-channels without the samples contacting the microarray and a porous membrane attached to it on one of its faces. The method further comprises then placing the sample loading array in contact with the microarray under conditions so that molecules

in the samples can hybridize to probes in the aligned sub-arrays. The conditions include fluid placed on the membrane to permit the samples in micro-channels to flow into contact with the substrate on the microarray so that a hybridization reaction can occur.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JYOTI NAGPAUL whose telephone number is (571)272-1273. The examiner can normally be reached on Monday thru Friday (10:00-7:30).
